Forecast for Monday 25 Apr 2022

Weather: A dry and clear night but a touch of frost and some mist in places. By dawn it will remain dry with some sunshine in the west around Argyll and Lochaber ranges but quite cloudy further east around Crianlarich and Loch Lomond. Cloud will thin and clear as the day goes on with a lot of bright and sunny weather.

Chance of cloud-free hill tops above 800m: 80% most cloud will be above the summits but some higher Munro tops towards Crianlarich and Loch Lomond and more easterly exposed tops may be shrouded at times in the morning.

Low Cloud and visibility: Scattered becoming patchy cloud around 700m for more easterly ranges, just patchy low cloud around 7-800m in the west. In the afternoon most cloud above the summits and very good visibility below.

Met Office Aberdeen Meteorologist's View

Feeling quite chilly in the northeasterly winds and in any cloud it will feel particularly cold.

Forecast for Tuesday 26 Apr 2022

Weather: Remaining settled with light winds and some sunny intervals, becoming cloudy at times during the day but remaining mainly dry.

Maximum wind: Easterly 10-15mph.

Chance of cloud-free hill tops above 800m: 90%, some patches of low cloud in the east at times.

Low Cloud and visibility: Patches of low cloud may skirt the higher munro tops in the east at times but this will be quite temporary.

Temperature: **Glens:** Plus 4 rising to 12 Celsius.
At 800m: Zero rising to 5 Celsius.
Freezing level: 800m rising above the summits.
